Executive Headteacher
Mrs Louise Brown

26th January 2018

Dear Parent/Carer

In order to ensure our curriculum remains broad and exciting, for the last week of term, the whole school is taking part in a project on flight. We have many exciting activities planned including a few surprises for the children (more details to follow)! For a large part of the week, the children will not follow a normal timetable to allow longer exploration of the planned activities.

To ensure the children get an opportunity to broaden their learning we will also ensure that the project allows the children to practise the SMART values that we celebrate in weekly assemblies. As such, the activities will be planned so the children are given opportunities to be self-confident, motivated, adventurous and reflective as well as being a team player. We hope this will be the first of many SMART projects!

We would like to share our learning with you and therefore invite you to join us in school on the afternoon of Friday 9th February. We will start the afternoon at 1.15pm with Design and Technology activities in class where you will be able to help and support your child/children. We will then finish the afternoon with a sharing assembly at 2.45pm in which the children will present what they have learnt and enjoyed in the week.

Please complete the slip below if you are able to join us.

We look forward to seeing you and any wider family who would like to attend.

Yours sincerely

Louise Brown
Executive Headteacher
